turboworld™

57 Taunton Drive, Cheltenham, VIC 3192 TEL: (03) 9584-4499 FAX: (03) 9584-4008

Come to the AVOturboworld shop for all your parts, tuning, and installation needs! Along with our 30+ years of turbocharging and automotive engineering experience, our shop has a comprehensive range of professional tuning equipment. We can service and tune your vehicle from minor oil changes all the way up to a custom engine build. Brakes, gearboxes, custom intercooler work - we can do it all.

- 4-wheel Dynamic Test Systems dyno
- Injector cleaning and testing
- Turbo balancing and overhauls
- Engine dyno
- Fabrication and engineering facilities

Our professional staff can take care of all your tuning and diagnostic needs in shop. We have decades of experience with most of the stand-alone and ecu reflash engine-management systems on the market. Whatever your problem, whatever your need, we have the staff and equipment to take good care of you!

Experience the AVO difference!
